III. Defendant - The name of the surgeon who performed the procedure is not known at this time and is therefore being referred to as John Doe Dental Surgeon (JDDS), hereafter.

IV. STATEMENT OF CLAIM

1. On February 9, 2012, I had a wisdom tooth pulled by JDDS.
2. Subsequent to that extraction I began to experience severe pain to my jaw joints and an inability to bite properly.

3. After several oral consultations I had oral surgery on my left jaw to correct the problem.

4. Subsequent to the surgery on my left jaw, I had to return to the hospital to have surgery on my right jaw.

5. Consequently, my jaw pops and continues to cause much pain and the doctors who performed the surgery have indicated that I will have this popping and pain for the remainder of my life.

6. Plaintiff did not have a history of jaw trouble prior to the tooth extraction by JDDS.
